WORK EXPERIENCE

Trainer and Board Manager of ICT Club

Oromia Development Association Boarding School ICT Club

12/2021 - Present

Adama

ICT club is a club where students learn about programming languages, different computer skills and it is where they show their talent.

Achievements/Tasks

- I formed the club with the initiative of sharing knowledge and take it to another level unlike other clubs in the compound
- I trained more than 70 students about : C++, HTML, CSS and typing skill improvement method
- I made the students to prepare a project for their own and 3 projects were selected to compete by representing the school

Oromia Development Association Boarding school student council chair person

ODA Boarding school

12/2020 - 02/2021

Bishoftu

it works like a bridge between the school administration and the students. It helps both parties to have close contact in different issues

Achievements/Tasks

- I with collaboration of my friend formed the student council in order to help the student get answers for their questions
- Facilitate the election of Student president in the compound
- help the council to get regular budget from the school
- promote the council to more stage so that it can participate in activities outside the compound that are concerned about students

PERSONAL PROJECTS

Corruption Control System (10/2021)

- Scope of the project was tax payment system. It helps to reduce the corruption around the system by using different systems

Ethiotelecom (09/2022 - Present)

- This project is equivalent to that of how the ethiotele.com works but there are a lot of additional features I added to make it more suitable and flexible for the user

ORGANIZATIONS

ODA BS ICT Cluc (12/2021 - Present)

Board manager and Trainer

ODA BS Student Council (12/2020 - 02/2021)

Chair Person
