Certificate of Appreciation

Abdi Kumsa Milkesa

Thank you for your dedication as a leader and trainer of ICT Club training. Your outstanding efforts have made tremendous changes during the training on introduction to programming languages, hardware maintenance, front-end and back-end web development languages (HTML, CSS, and PHP), C++, Python, and Artificial Intelligence from 12/03/2022 to 18/05/2022. We certify you with a deep appreciation for your visionary guidance and exemplary leadership skills during the training.

Subject: - Issuing Recommendation letter

It is my pleasure to recommend Abdi Kumisa Milkesa. I am a teacher in ODA special boarding school. I come to know Abdi Kumisa when I have been his teacher for the subject English grades 9 and10. Abdi distinguished himself by his high performance in civic and ethical education subject I have thought him. He is active participant and interactive student both in theoretical and practical classes and attends class regularly.

I would rank him in the few top outstanding students that I have taught so far in respect of his performance. His overall intelligence is reflected in his results for the subject, great perseverance and initiative which are by far the best in the class.

At a personal level, Abdi is a well-disciplined, industrious, sociable and diligent student in his work and character, capable of working harmony with other in group with a pleasant personality.

If his performance in my class is a good indication of how he would perform as preparatory student, she would be an extremely positive asset to your educational organization.

I would therefore highly recommend Abdi to pursue his study in the field he wants to study. I wish his success in the future.

If I could be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

With best regard!

To whom it may concern

Letter of recommendation for **Abdi Kumsa Milkesa**:

As a STEM Operation Manager, I am pleased to have Abdi Kumsa as our student due to his great ambition, success on learning and great role in FOKA STEM center. He has been attending different additional classes given by Foka STEM center with full love and attention throughout the year. He has a qualified knowledge regarding to robotics and electronics department and even he has tried his best to make a robot which was successful.

Abdi Kumsa was also studying on different properties of materials such as "shadows" and even has completed the project and submitted it to the center and the center is looking forward on his project currently. Amazingly he has made his own website only based on notes from his textbooks although he was grade 10 students.

Currently he is attending Science and engineering fair 2021 at Foka STEM center. He has already finished his training part and has come with new unfamiliar idea, which he got from interview of people during the research time. He is working on a project titled "Corruption Control System" combined with Frezer Abate, which is right now in a tremendous change.

These reasons, his respect and kindness led us to offer high recommendation to Abdi Kumsa without reservation. Additionally, we are fully confident in every aspect he joins due to his day and night work to achieve his own goals. Moreover, if you have any question concerning this recommendation, please do not hesitate contact me via email antenehf@stempower.org or Mobile+251-911-865749.

Sincerely use,

STEM Operation Manger

LETTER OF RECOMMENDATION

TO WHOM IT MAY CONCERN

It is my great pleasure to personally recommend student **Abdi Kumsa** for any scholarship. I have known him for two consecutive academic years as a student in Oromia Development Association Special Boarding School (ODA SBS) and was delighted to serve as his Physics instructor. I was immensely impressed with the academic potential of student **Abdi Kumsa**. I have taught him Physics for Grade 9 and 10. He has been active member of science and technology club in ODA SBS.

- Student **Abdi Kumsa** has been very hard working and persevering student, respectful to his teachers, well behaved and cordial with all his classmates and friends. I found him hardworking and a young person of ample potential and exemplary manner. He scored very interesting and exemplary result in Physics in both grades.

I therefore, whole- heatedly express my belief that he can be an excellent asset in any institution and can successfully discharge her responsibility in any aspect.

I wish him good luck and bright future

Sincerely,

Mana Barumsa Bultii Addaa WMO Damee Bishoftuu
